

CORRESPONDENCE

WARREN

Saturday evening's meeting of the grange was well attended and was interesting. The grange voted to subscribe to a \$100 Liberty Bond, and a payment was made on same. A social and basket sale will be held on Saturday, October 26 to aid in future payments. The warehouse directors will meet in the near future to take steps towards its erection.

Warren went over the top in the Liberty Loan drive and too much credit cannot be given to the Scandinavian residents for their very liberal support. They far outclassed the other residents of Warren and the success of the drive is due to Elmer Dahlgren and his untiring efforts. The members of the committee are entitled to much credit for their work. A number have pledged to buy but conditions are such that returns cannot be made in full for a few days.

A rumor is current that the merchants of Columbia county are refusing to handle the flour of the new mill at St. Helens unless the management gives them the output of feed from the mill. The difference to the farmer from buying direct from the mill or through their local merchant means from 6 to 10 dollars per ton. Would the mist please investigate this and publish the result? The farmers of Warren would heartily appreciate any action taken by the mist tending to give them the correct information.

P. P. Grewell and O. D. Garrison are "under the weather" for the last two weeks. Both are employed at Sherman Bros. mill.

Many of our young men left the early part of the week and more will go in the very near future. Among those who have gone or will go soon are, Dennis Duncan, Oscar Tucker, Will Coons, Second Lieutenant Frank A. Bealer of the Home Guards, Ray Duncan, Chas. Keyberg and Dewey Larsen. Young men are getting to be a scarce article at Warren.

Miss Martha Reyser of Portland spent a few days visiting friends at Warren last week.

Carleton Lewis arrived home Friday evening after an absence of about two months, to his old home in Maine. He went to attend his father, who was ill and died recently. Mrs. Lewis has been the farmer since Mr. Lewis' absence.

H. O. Morris met with a painful accident on Tuesday. His right hand was caught in a piece of timber at the shipyard and the flesh torn from the inside of two of his fingers, leaving the bone exposed from base to tip. He is at the hospital in Portland.

The reception tendered the boys who will leave shortly for service, was exceptionally well attended. The hall was crowded to capacity and a pleasing program was rendered, consisting of instrumental and vocal numbers. Speeches were made by W. J. Fullerton, A. L. Morris and Lieutenant Frank Bealer. Ice cream and cake was served gratis to those present, after which the young people indulged in a social dance, somewhat to the opposition of Warren's non-dancers, but who were all spectators to the entertainment. The boys who expect to leave were asked to take a seat near the platform and were given a farewell. They were A. Tucker, Dennis Duncan, John Regberg, Lieutenant Frank

Bealer, Harvey Hay, Dewey Larsen and Ray Duncan. The boys were given a hearty God-speed by those attending. The Home Guard attended in uniform.

CLATSKANIE

Mrs. A. E. Harvey was in Portland over Sunday, called there by the serious illness of Mrs. Robert Harvey, who is reported to be somewhat improved at this time, which will be cheering news to her many friends. Her mother, Mrs. Thayer, and Mr. Harvey have been with her much of the time during her illness.

The Grant-Smith company has been awarded a contract for cutting out 400 feet of the north portal of the 1750-foot tunnel on the Kerry Timber company's line of logging railroad. Another improvement which the timber company is making is the installation of an automatic steel curtain at the south end of the tunnel, so arranged that should a fire start, the heat will release the curtain, which will drop automatically and stop the draft. The Kerry line is hauling out about 1,000,000 feet of logs daily, but this is to be increased to 1,500,000 feet as soon as the Bear Creek Logging company and the Hammond Lumber camps are in full operation.

Lee Allen has returned to Clatskanie and is now engaged on the night shift at the S. P. & S. station.

Lloyd Defore, who is with the American Expeditionary Forces over there, sent his mother a present of a \$100 Liberty Bond during the past week. If the boys who are making the supreme sacrifice are investing their money as well as their lives in the cause of liberty, no excuse is left for those who remain at home in comfort and safety.

Mr. and Mrs. Glenn Gelvin of St. Helens, were in town over Sunday, coming down in a span-fired new Ford Sedan.
